

Life with Critical Illness Advance

2-IN-1 COVERAGE

FOR ADVISORS ONLY

This product is designed for every clientele looking for permanent life insurance protection in the event of a critical illness.

By adding Critical Illness Advance to their life insurance, your client gets two permanent coverages under a single contract. An amount is payable in the event of either a critical illness or death, whichever occurs first.

How does it work?

Let's say your client has \$100,000 of life coverage and \$25,000 of Critical Illness Advance coverage:

- If your client is not diagnosed with a covered critical illness, their beneficiaries will receive the full \$100,000 when your client dies.
- If your client is diagnosed with one of the covered illnesses, they will receive \$25,000, no survival period required. When your client dies, the balance of the life insurance amount (\$75,000) will be paid to their beneficiaries.

What are the advantages of the Desjardins Insurance offer?

- 1 This insurance covers a large number of cardiovascular procedures and partially or fully covers all cancers.¹ **If your client asks if they will be covered in the event of a cancer diagnosis, the answer will be "Yes".²**
- 2 With the Desjardins Insurance coverage, the insured and their loved ones have access to our complimentary assistance services, based on their insurance coverage. They can use them when times are good, or when times are bad. 24/7 assistance is also available by phone.

The assistance services are not a contractual obligation of Desjardins Insurance.

¹ As at February 2021.

² For some cancers, a partial benefit of 30%, 15% or 1% will be paid, depending on the severity of the diagnosis. Some conditions and exclusions may apply. For more information, please ask your advisor or check your insurance contract clauses.
